Letter of Appreciation

Our Relationship with EDS Technologies has been extremely fruitful. The services training and support provided by EDST in the last financial year and year before that has been highly professional. The interactions and effort made by EDST team to meet all the parameters within the constraints set by the organisation are praise worthy.

The undersigned would like to place on record the dedication, honesty, zeal, and professionalism displayed by your team throughout the support period.

We appreciate the efforts put in by EDS technologies Team in providing timely support and expect that you will continue to provide us the same level of support in the future.

Thanking You,

Dr. Pankaj Dewankan
