Mr. Amit Pawar (Regional Manager - PLM)

Subject – Appreciation Letter for Technical Support on CATIA V5 Software.

We are extremely satisfied with the prompt and efficient service provided by EDS Technologies. Efficient and Quality service is the hallmark of this company. Moving way out beyond the normal trend of business relationship the company often extends it's support and service to the customers in a gamut of areas. A very healthy approach which builds up a warm relationship between the client and the company.

With reference to the purchase of HD2 and KIN license We acknowledge with thanks in the matter of implementation and support. We place on record that Technical Team has really been very helpful and we appreciate their instant response for giving all required technical support on time always. We are extremely satisfied with your prompt support and services.

Thanks for all your help .

Jagdish Kalebere
