LETTER OF APPRECIATION

Dr. Varun Sharma,
Manager - Technical
EDS Technologies Pvt. Ltd.
Gurugram - 122 002, Haryana.

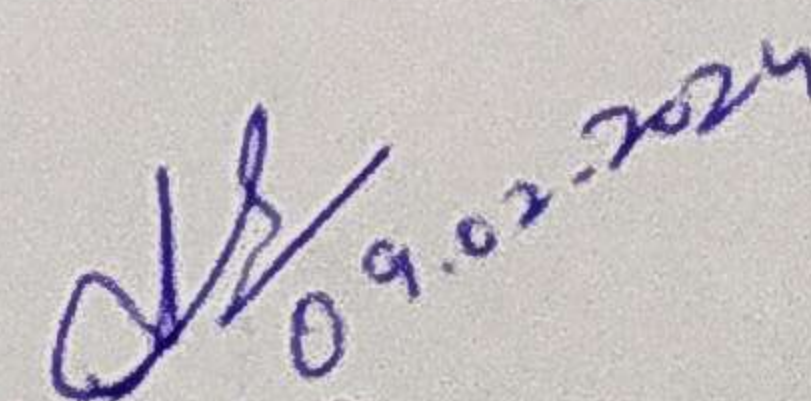

I am writing to express our sincere appreciation for the outstanding short-term course on Finite Element Analysis, Engineering Optimization, and Fatigue Analysis conducted by you from February 5th to February 9th at NITTTR Chandigarh. The expertise and knowledge you brought to the program greatly enriched the learning experience of all participants.

The course, which focused on utilizing SIMULIA Tool (ABAQUS, ISIGHT, TOSCA, and FESAFE), attracted participants from various parts of India. Your comprehensive coverage of theoretical concepts combined with hands-on computing skills was immensely beneficial to all attendees.

The feedback we received from the participants was overwhelmingly positive, underscoring the value they derived from the course. Your dedication to delivering high-quality education is evident, and we are grateful for the impactful learning environment you created.

Additionally, we extend our gratitude to Dassault System/EDS Technologies for their invaluable support and contribution to the success of the course. Their commitment to knowledge-driven education played a significant role in the positive outcomes achieved.

Looking ahead, we eagerly anticipate the possibility of fruitful collaborations in the future. Your continued involvement in advancing engineering education is highly commendable, we look forward to future opportunities to work together and continue our journey of academic excellence.

(Er. Himmi Gupta)
Assistant Professor
& Course Co-ordinator
