Appreciation letter for technical support on ENOVIA V6 PLM

It gives me great pleasure to write this letter as the purpose is to send my sincere appreciation to EDS Technologies for ENOVIA software license and implementation. We are pleased to inform you that technical support i.e. Trainings & day to day issues supported by your team has been professional and met our expectations.

I would like to convey my sincere thanks to your entire organization. I look forward in getting your cooperation in such campaigns in future too.

Based on the service I've received from EDS Technologies, I will not hesitate to recommend your organization to all my business associates and friends.

Yours sincerely,
