190-A, Pettukola towers, PH Road,

Chennai -600 010.

SUB: APPRECIATION FOR SMARTTEAM IMPLEMENTATION AND TECHNICAL SUPPORT.

This is to certify that M/s EDS Technologies has provided good technical support for Enovia SmarTeam

By implementing SmarTeam we have reduced the design lead-time by managing all the Engineering data in smart & secured way.

We have reduced the time for document search & revision control . By advanced SmarTeam viewer support we are able to view the multiple file formats which reduces the lead time.

SmarTeam helps us to improve the productivity by all the above advantages.

We appreciate the efforts put by Mr.Sakthivel Poosappan for SmarTeam implementation and continuous Technical support. We expect that EDS Technologies will continue with the same level of technical support & relationship in future.

Mr.K.R.Kar

Manager - Product Engineering Department
