Dear Mr. Akshay,
EDS Technologies Pune-411045,

I am writing this letter of Appreciation to Shri Akshay Vitthal Hedao, who has provided us technical support in connection to ABAQUS simulia Software many a times after our procurement at SGSITS Indore.

His approach to handling technical challenges has been very effective and re-assuring for us. The way he understands issues quickly and provide practical solutions has helped us avoid delays and keep our work running smoothly. I especially appreciate his availability and willingness to support us at any time. Even during busy schedules or outside regular hours, he has always made the effort to assist us whenever required, that truly reflects his dedication and commitment. I am happy to be working with you and hope to continue this association going forward. Thank you once again for your Support and dedication.
