Appreciation Letter

Dear Akshay Hedao,

I would like to take a moment to thank you & EDS Technical Team for the support you have provided to our team regarding CATIA & Other Softwares.

Your approach to handling technical challenges has been very effective and reassuring for us. The way you understand issues quickly and provide practical solutions has helped us avoid delays and keep our work running smoothly.

We especially appreciate your availability and willingness to support us at any time. Even during busy schedules or outside regular hours, you have always made the effort to assist us whenever required, which truly reflects your dedication and commitment.

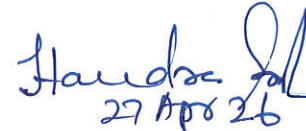

We also value your responsiveness and the clarity you bring during discussions, making coordination much easier for our team.

We are happy to be working with you and hope to continue this association going forward.

Thank you once again for your Support and dedication.
